This matter is before the Court on defendant's motions for sentence reduction (Filing Nos. 54 and 58), and the stipulation of the parties (Filing No. 59). Pursuant to the stipulation and the retroactive amendment to the cocaine base guideline, the Court finds the total (final) offense level should be adjusted from 31 to 29. The government and defense agree that the new sentence should be eighty-eight (88) months imprisonment, based on the prior computation of specific offense characteristics, adjustments, and any departures. Accordingly,

IT IS ORDERED that said motions are granted and the stipulation of the parties is approved and adopted; the sentence of the defendant is reduced to a term of eighty-eight (88) months. He shall receive credit for all time served. The

conditions of supervised release entered in the original judgment and committal order remain in full force and effect.

DATED this 7th day of July, 2008.
